PRICE TWO CENTS.

COURT ORDERS UNION TO CALL OFF COAL STRIKE

3 ROBBERS GET \$3990 PAYROLL OF WHEEL FIRM

One Masked and Two Armed Men Hold Up Office at 3000 North Broadway and Escape in Auto.

LICENSE NUMBER OF MACHINE NOTED

Records Show It Was Issued to Baker on Chouteau Avenue—All Robbers Described as Youthful.

Three men, two of them armed and the other wearing a handkerchief over his face, entered the office of Green's Car Wheel Manufacturing Co., 3000 North Broadway, at noon today, and forcibly stole \$3990 of payroll money with which they escaped in an automobile in which a fourth man had waiting near the plant.

The money had been laid out on a counter and was being put in pay envelopes by Robert Melhardt, the cashier, and two young women clerks, Helen Schneider, 3225 Parnell street, and Margaret Sigmund, 1299 North Grand avenue.

Roy Smith and John East, negro employees in the factory, were in the office to get their pay when the robbers entered. One of the men struck Smith on the head with a revolver, knocking him down. The other struck the two women.

The two armed men pointed revolvers at Melhardt, Miss Schneider and Miss Sigmund and forced them to stand in a cage adjoining the cashier's, while the masked man went behind the counter and gathered up the money, which was all in bills.

This man used one of the cashier's filing boxes to carry away the money. After he had gathered it the three ran out. They went a short distance north of the plant to where the automobile, a Ford, with the engine running, awaited them. The machine was then driven at high speed north on Broadway.

The robbers were described as being youthful, the oldest apparently not more than 19. The license number of the machine was observed by a passerby and it was found to be that of a license tag issued to a baker on Chouteau avenue. An investigation was begun as to whether it was stolen from the baker.

The money had been drawn from the First National Bank and taken to the plant by Kenneth L. Green, president and treasurer of the company, a short time before the robbery.

"LOST BRIGADE" OF NAVY FLYING CORPS HELD VIRTUALLY CAPTIVE

K. of C. Reports 100 Men at Montauk Point, N. Y., Whose Records Are Lost, Can't Spend Pay.

By the Associated Press. NEW YORK, Nov. 8.—A "lost brigade," comprising 100 enlisted men in the naval aviation corps, has been "discovered," it was stated today by William P. Larkin, overseas director of the Knights of Columbus. They are stationed at Montauk Point, N. Y., and because their service records have become lost, it is said they are being detained without hope of discharge until these documents can be located.

According to Larkin's informant, the men are held "practically prisoners, and unable even to spend their pay."

Larkin said that the Knights had "no record of the men," but later verified the report and dispatched a secretary with a load of cigarettes and candy, and now are taking steps to have the men liberated.

RAIN TONIGHT AND TOMORROW; LITTLE TEMPERATURE CHANGE

THE TEMPERATURES.

Highest yesterday, 49, at 4 p. m.; lowest, 42, at 5 a. m.

Official forecast for St. Louis and vicinity: Rain tonight and tomorrow; not much change in temperature.

Missouri—Rain tonight and tomorrow; not much change in temperature.

Illinois—Probably rain tonight and tomorrow; not much change in temperature.

Stage of the Mississippi River at St. Louis, 11.1 feet; at St. Charles, 14.5 feet; at Valley Park, 9.6 feet; at St. Louis, 11.1 feet.

By the Associated Press. WASHINGTON, Nov. 8.—Weather predictions for the week beginning Monday include upper Mississippi and lower Missouri valleys; local snows north, snow or rain south portion of District Monday, followed by generally fair and considerably colder weather a few days. Generally fair second half of week, with a return to normal temperature.

OKLAHOMA VOTING ON LEAGUE

Question of Support of President Up in Race for Congressmen.

By the Associated Press. OKLAHOMA CITY, Ok., Nov. 8.—Oklahoma voters of the Fifth Congressional District, both men and women, went to the polls today to ballot for or against the league of nations and the Wilson administration. The weather was reported cloudy and rainy throughout the district. The pro-league and anti-league candidates are respectively: League—Wesley, Democrat, and J. W. Harrell, Republican, candidates for the place vacated by the death of Representative Joe B. Thompson of the Fifth Oklahoma district.

Wesley made his race on a platform pledged to support the league of nations and President Wilson's policies in general, while J. W. Harrell is pledged to opposing the league of nations, peace treaty and other administration policies.

ALDERMEN TO CALL IN ENGINEER

The Ways and Means Committee of the Board of Aldermen has decided that before reporting on the proposed bond issue apportionment of \$1,750,000 for the building of a southern approach to the free bridge on the St. Louis side of the river it will call before it C. E. Fox, corporate director, and Baxter Brown, chief engineer of the Alton & Southern Railroad, at East St. Louis, both belt line.

The committee wants to know if the Alton & Southern would be in a position and be willing to afford east side connections to the bridge without which the southern approach on this side would be of no value for bringing freight in from East St. Louis and delivering it on the tracks of the Manufacturers' Railway here.

LOAFERS MUST WORK IN MINES

By the Associated Press. LAWRENCE, Kan., Nov. 8.—Loafers here will be put to work in the Kansas coal mines, Mayor George L. Kreeck announced today, in issuing orders to the police to arrest every able bodied man not to work. The men will be held subject to orders of Gov. Allen. The city plants and Lawrence coal dealers have haven't a pound of coal in their bins, the Mayor added.

MISSOURI STATE TEACHERS INDORSE LEAGUE OF NATIONS

Proposals Favoring \$60,000,000 Road Bonds and New Constitution Also Approved.

MINIMUM SCALE OF SALARIES PROPOSED

Speaker Says 200,000 Have Quit Teaching Because of Low Pay—Last Sessions Today.

Resolutions endorsing the league of nations, the proposed \$60,000,000 bond issue for good roads in Missouri, and the project to adopt a new State constitution were adopted today at the final session of the fifty-seventh annual meeting of the Missouri State Teachers' Association at the Coliseum.

Among the resolutions approved was one to fix a minimum scale of wages for teachers for the coming year. The scale was as follows:

High school graduates with professional training, \$600 a year. Holders of life certificates granted by normal schools or colleges, with the equivalent of two years of college training, \$900 a year.

Graduates of colleges with professional training, \$1200 a year. At least 10 per cent higher salaries than these are to be paid to teachers who have all the qualifications named and in addition have had teaching experience.

Other resolutions adopted favored the organization of departments of hygiene in each town and city school district, the removal of the limits on taxation for rural school purposes, the abolition of the limits on the organization of school districts outside of independent city districts employing a superintendent, participation in the observance of Missouri's centennial, and the national campaign for education and thrift, the promotion of the school house as a social center, limiting of instruction in foreign languages to the secondary schools, and the abolition of the third grade certificate for teachers and the granting of no certificates at a lower academic level than graduation from a high school.

The convention probably will be held next June. Mayor Kiel said it would be urged upon the National Committee that the holding of the convention here would make Missouri certain for the Republicans in the election. The regular committee meeting at which the convention city will be finally chosen will be held Dec. 8.

Those going to Chicago are City Clerk Goldstein, City Councilmen, Edward Forstner and Charles Hatfield, head of the Convention Bureau.

CAN'T EVADE PARKING LAW BY DRIVING AROUND BLOCK

Salesman Fined \$10 for Violating Law When He Returned Car to Original Position.

By the Associated Press. ST. LOUIS, Nov. 8.—A salesman who drove his car around a block to evade a parking ordinance, was fined \$10 today for violating the ordinance.

The ordinance linking the time for parking automobiles in the congested district to one hour, was evaded by driving a machine around the block when the hour has expired and returning to its original position, according to a decision today by Provisional Police Judge Matheva.

C. H. Hellington of 2847 Hazel avenue, a salesman, was fined \$10 on a charge of violating the ordinance. He told the court that the policeman who made the charge against him was mistaken, as it was his practice to watch the time closely and drive his car around the block when the limit was reached.

FIRE ALARM FROM JEFFERSON

A passerby saw sparks erupting from one of the smokestacks of the Jefferson Hotel at 5:30 o'clock this morning and turned in an alarm.

The noise of arriving fire engines awakened a number of the awaked, who telephoned to the desk to ask what the trouble was. They were told that grease had caught fire in the kitchen flue, and that there was a fire in the kitchen.

Firemen were at the hotel two hours.

TWO ARRESTED HERE AT MEETING OF COMMUNISTS

Federal Agents Hold Pair on Technical Charge of Evading Draft.

Government agents and city detectives openly attended a meeting of members of the "Communist Party" at New Club Hall, Thirteenth street and Chouteau avenue, last night, and arrested Joseph Norvelli, a newsdealer, of 1420 Wash street, and Anton Jurkovich, a laborer, of 1127 South Twelfth street, on the technical charge of "suspected of not having selective draft registration cards."

This charge was booked against them at police headquarters so that they might be held for Federal authorities.

The arrests were made after Communist "literature" had been circulated among the 200 persons at the meeting and after Anton Ferguson of Chicago, an attorney, had made a speech in which he referred to the detectives and Government agents as "creatures of the capitalists."

The agents made no attempt to conceal their presence at the meeting, and several times gave warning that order must be maintained. This was a departure from the policy pursued until recently, under which agents and detectives attempted to conceal their identity unless some overt act or expression at a meeting seemed to call for arrests.

Under the old system such information was given by an agent who was enrolled in the organization to spy on the operations. He would report to Department of Justice operatives and arrests would follow. Until recently no arrests were made at the meeting places.

Ferguson in his speech last night offered to debate social and political problems with the Government agents, but they did not accept his challenge.

A. Stokely, of Chicago, secretary of the Russian Communist Federation, made a speech in Russian which apparently was understood by about half of those at the meeting.

Ferguson asked questions of Government agents after the meeting, but was not arrested.

VIGOROUS EFFORT TO BE MADE TO GET G. O. P. CONVENTION HERE

Mayor Appoints Committee to Present Invitation to National Committee Monday.

A vigorous effort to get the next Republican national convention for St. Louis will be made Monday by a delegation of Republican politicians who will present themselves at a meeting of the Republican National Committee at the Congress Hotel in Chicago. Mayor Kiel appointed the delegation today.

The convention probably will be held next June. Mayor Kiel said it would be urged upon the National Committee that the holding of the convention here would make Missouri certain for the Republicans in the election. The regular committee meeting at which the convention city will be finally chosen will be held Dec. 8.

Those going to Chicago are City Clerk Goldstein, City Councilmen, Edward Forstner and Charles Hatfield, head of the Convention Bureau.

CAN'T EVADE PARKING LAW BY DRIVING AROUND BLOCK

Salesman Fined \$10 for Violating Law When He Returned Car to Original Position.

By the Associated Press. ST. LOUIS, Nov. 8.—A salesman who drove his car around a block to evade a parking ordinance, was fined \$10 today for violating the ordinance.

The ordinance linking the time for parking automobiles in the congested district to one hour, was evaded by driving a machine around the block when the hour has expired and returning to its original position, according to a decision today by Provisional Police Judge Matheva.

C. H. Hellington of 2847 Hazel avenue, a salesman, was fined \$10 on a charge of violating the ordinance. He told the court that the policeman who made the charge against him was mistaken, as it was his practice to watch the time closely and drive his car around the block when the limit was reached.

DEPORTATION OF ALL RADICAL ALIENS IN AMERICA SOUGHT

Attorney-General Asks Department of Labor to Send Away 200 Arrested in Raids in 19 Cities.

PRISONERS LEADERS OF RUSSIAN UNION

Organization Declared More Radical Than Bolsheviks—Federal Agents Seize Materials for Bombs, Counterfeit Money and Arms.

By the Associated Press. WASHINGTON, Nov. 8.—Deportation of all aliens engaged in "red" activities has been determined upon by the Department of Justice, Attorney-General Palmer announced today.

Raids in different parts of the country last night and today by agents of the department were directed chiefly against the Russian Workers' Union of America, which was seized by the department as the most radical of the United States and as "even more radical than the Bolsheviks."

Included among the material and literature seized by Government agents in last night's raids throughout the country were quantities of articles used in making bombs, a complete counterfeit plant, a large supply of counterfeit bank notes, thousands of pieces of literature, described as the most inflammatory nature, and scores of red flags, rifles and revolvers.

Other of the widespread cleanup of radicals sought that more than 200 were arrested in 18 cities besides Washington, Palmer has asked the Department of Labor to deport all of them.

Agents of the Department of Justice and the Bureau of Immigration have been collecting evidence in the past few months, Palmer said. Nearly all of those arrested were Russians.

In the course of their investigation the Government agents, according to Palmer's announcement, have found that the Russian Workers' Union is conducting an active propaganda for a "social revolution."

The aliens arrested were all leaders in this union, which was described as the most radical of the Russian Workers' in the country. Its membership numbers more than 7000 with many leaders, estimated by officials to run well above 100, scattered throughout the nation.

Last night's raids, however, included only the leaders of the organization in the following cities: New York, Chicago, Pittsburgh, Philadelphia, New Orleans, Detroit, Buffalo, Akron, Youngstown, O.; Baltimore, Elizabeth, N. J., and Hartford, Waterbury, Ansonia, Bridgeport, New Haven and Seymour, Conn.

More Radical Than Bolsheviks. Of the activities of members of the Union of Russian Workers, Palmer's statement said:

"The Union of Russian Workers is even more radical than the Bolsheviks. It was organized in New York in 1907 by a group of 11 men led by William Sztow, at present the Chief of Police of Petrograd. The purpose of the society was to amalgamate the Russian groups in the United States into one organization. With the aid of newspapers and other propaganda the membership of the Union of Russian Workers grew until at present its membership is about 7000 and its branches number more than 100, located in the principal cities of the country."

Teach Overthrow of Government. The various locals are organized for the sole purpose of spreading the doctrine of the organization among the Russian immigrants working in the United States. Lecturers are sent out by the Executive Committee of the group and cover all parts of the country. Funds of the organization are derived from dues, lectures and concerts and the sale of radical literature."

Officials declared that in last night's raids they had found more evidence of anarchistic propaganda, teaching the overthrow of government by force and violence, than in any previous nationwide raids. Apparently, according to officials, the Russian organization bids fair to supplant some of the other radical groups to which more attention has been given.

Are you going to the theater or movies tonight? If so, see Page 5.

Continued on Page 2, Column 6.

NEARLY COMPLETE RETURNS GIVE DRYS IN OHIO 859 LEAD

Official and Unofficial Figures From All but Two Precincts Show Majority for Ratification.

PROHIBITION REPEAL DEFEATED BY 30,000

Proposal to Permit Manufacture of Beer Loses by 15,000 and Crabbe Enforcement Law by 25,000.

By the Associated Press. COLUMBUS, O., Nov. 8.—Complete official returns from 73 of the 88 counties and complete unofficial returns from the remaining 15 counties, with the exception of seven missing precincts in two dry counties, as compiled shortly before noon today at the office of the Secretary of State, gave the drys a majority of 859 in favor of ratification of the Federal prohibition Amendment.

The result was compiled at the office of the Secretary of State, revising an earlier announcement that the complete vote showed a dry victory of 194.

Just after the complete vote on ratification was announced, the Secretary of State's office received word that errors had been discovered in Hancock and Allen counties which may give the drys a total of 650 additional votes for ratification. It was reported that 561 votes would be added for ratification in Hancock and Allen counties which would give the drys a total of 1,411 votes.

The total unofficial vote did not include seven missing precincts, five in Logan and two in Mercer County. Every effort was being made to obtain the results from these seven precincts.

Complete official and unofficial returns from 87 of the 88 counties, show that repeal of State-wide prohibition had been defeated by approximately 30,000; that the proposal to manufacture beers and wines containing up to 2.75 per cent alcohol had been defeated by approximately 15,000, and that the drastic C. S. State prohibition enforcement act had been defeated by approximately 25,000.

KENTUCKY PROHIBITIONISTS JUBILANT OVER APPEAL VICTORY

LOUISVILLE, Ky., Nov. 8.—With a dry majority of 7797 showing on the face of complete unofficial returns from 89 of the 120 counties of the State, prohibitionists in Kentucky were jubilant over their apparent victory. They declared that when the remaining 31 counties are heard from the dry majority will go beyond 10,000. Wet organizations do not deny this assertion, some conceding defeat of the amendment.

Two Die of Influenza in Week

Record Compares With 28 Deaths and 400 Cases a Year Ago.

Two deaths from influenza were reported to the coroner's office during the week ending today. A similar record for influenza deaths was recorded last week.

Health Department officials, comparing the five cases of influenza reported this week and the seven in the previous week with the figures of last year, when 400 cases and 28 deaths were reported the week ending Nov. 8, declared it indicated that the disease would not be as prevalent this year as in 1918.

A total of 229 births and 171 deaths were recorded during the week. Of the deaths, 25 were from heart disease, 19 pneumonia, 15 cancer, 15 Bright's disease, 11 diphtheria, 11 tuberculosis, 10 accidental deaths and two suicides.

BODIES FROM RUSSIA TO ARRIVE

Military Honors for Men at New York Tomorrow.

By the Associated Press. WASHINGTON, Nov. 8.—Military honors will be accorded the 111 bodies of soldiers dead which are being brought from Russia to the United States on the steamship Lake Daruga, due at New York on Sunday. Funeral services will be held in the rotunda of the pier at Hoboken, where the ship will be docked. A joint committee from the Senate and House will meet the Lake Daruga and representatives of the War Department will be present when the vessel docks.

Treaty Approved Without Debate. RIO JANEIRO, Friday, Nov. 7.—The Chamber of Deputies this afternoon approved the Versaese peace treaty without a discussion or amendment. The treaty now will go to the Senate. Deputy Joaquin Ozorio praised the work of President Wilson, characterizing him as the world's leader of human progress.

Fresh eggs from your own poultry pen. See the Post-Dispatch poultry Want Ads—Especially Sunday.

ILLINOIS MINERS TO GET \$1,200,000 IN BACK WAGES

Payment Next Week to Be Made by Operators—May Prolong Strike.

Coal operators whose principal desire is to see the miners strike broken, will, because of circumstances, pay approximately \$1,200,000 to the striking miners of St. Clair and Madison counties between next Wednesday and Saturday, and thus perhaps will add, unwillingly, in practice, to the strike.

However, the money is wages for their last two weeks' work preceding the strike Nov. 1, and the operators have no option but to pay it. Through a hope of averting the strike, or in an endeavor to lay up a reserve of coal, the operators had kept the mines running virtually every day for a month preceding the strike, which is unusual. The result is that the miners have an average of about \$85 each due them for the two weeks' work.

The strike situation on the East Side is unchanged. No miners have returned to work. The \$5 mines that supply most of St. Louis' coal have been closed a week up to this morning.

LARGEST BITUMINOUS COAL MINE IN WORLD IS BURNING

Shaft at Bicknell, Ind., Sealed. After Night of Work by Strikers Who Volunteer in Emergency.

BICKNELL, Ind., Nov. 8.—America's No. 1 mine, said to be the largest bituminous coal mine in the world, which was discovered on fire last night, had been completely sealed today, after workmen had toiled frantically all night.

Because of the size of the mine and the valuable machinery it contained, the fire is said to be one of the most disastrous in the country. The mine is entirely electrically equipped, not a mule being used in it. Ordinarily 850 men are employed, and the mine has a capacity of 6000 tons of coal daily. Only 21 men, including pumpers and engineers, were employed when the fire was discovered and these were rescued.

The cause of the fire had not been determined today. The shaft probably will have to remain sealed for two weeks to two months. Although the employees of the mine are on strike, more than 100 gathered about the shaft as soon as the alarm was sounded and volunteered to fight the fire.

357 ARRESTS FOR DRUNKENNESS HERE IN FIRST 3 DRY MONTHS

Because of frequent inquiries as to the effects of prohibition in St. Louis, the Police Department has compiled the following table of arrests for drunkenness during the months of August, September and October for the years given:

1915—1269.
1916—1088.
1917—808 (first year of war).
1918—1083.
1919—557.

Prohibition became effective last July.

TWO DIE OF INFLUENZA IN WEEK

JANE ADDAMS TELLS OF CONDITIONS IN EUROPE

Says Entire Generation of Children Has Been Stunted in Her Address to Teachers.

Deploable conditions among the children of the war-ravaged countries of Europe were described by Miss Jane Addams of Hull House, Chicago, before the Missouri State Teachers' Association at the Coliseum, in the first of three addresses delivered by her this morning. She spoke afterwards before the Negro Teachers' Association, and at noon addressed social service workers at the American Annex.

Having visited Europe last summer, Miss Addams said that in the central countries and in the occupied regions of France it is impossible to tell a child's age by its appearance. Children of 14 look to be only 5, she asserted, and an entire generation has been lowered and stunted in growth. She told of a great hegira of children to Switzerland, Holland and Sweden for the purpose of obtaining proper nourishment, and of seeing some of them, stripped for medical examination in Zurich, looking like "lines of little skeletons."

Old People Make Sacrifice.

In Germany, she related, mothers are constantly confronted with the alternative of sacrificing their children or their aged parents in dispensing the family stores of food. The old people often volunteering to go without sustenance for the sake of the children. There is a widespread rumor, she continued, that the old people of Vienna have agreed to kill themselves this winter if food conditions do not improve, regarding their own lives as having been spent, and determining that the young generation shall not perish.

How children in Germany are in some cases reverting to savagery under the sufferings of famine was illustrated by the speaker with an incident related to her by Gen. Smut. He was in a little village in Germany in July, she said. His aid de camp went out for a walk, carrying in his pocket a few sandwiches. Two emaciated children begged him for food, and he gave them the sandwiches. Word swept through the village, and in a short time a crowd of children gathered, who threw themselves upon the officer, bore him to the ground and tore his clothing off in a frantic search for food. He was so severely injured that he was sent to a hospital.

"The greatest work in Europe today," said Miss Addams, "is that of

keeping the children alive. The American people should support with all their means the Red Cross and the Supreme Economic Council, which are trying to remedy conditions. Herbert Hoover is chief of a movement with headquarters in New York, and offices in nine European countries, which supplies one or two meals a day at least for 4,000,000 children. It has a fund of \$22,000,000, which is being increased by the Governments under which the starving children live.

"The Women's International League at Zurich is scientifically feeding hundreds of children from Russia, Germany and Austria, and the mothers of Switzerland are co-operating with the league by taking the children into their homes. All available supplies of cheese and milk are being reserved exclusively for the emaciated children of the war."

Children Lose Gayety.

In Saxony she found that the children have lost all of their former gayety, and sat about listless with hunger. In Berlin the dish water from the hotels was being treated by a process for extracting the particles of fat floating in it, which were fed to children in hospitals. There will not be sufficient food in Germany for some time to come, said the speaker, but the children, to recover what they have lost, must be super-fed. Physicians differ, she reported, as to whether with the best of care and the most plentiful nourishment they can ever regain a normal state.

In this emergency, she concluded, Europe is learning invaluable lessons concerning scientific feeding, and she hoped that America would not lag behind. The teachers of Missouri, she said, may do a great work in teaching proper dietetics, and should give as much attention to the physical as to the mental growth of the children in their care.

SUNDAY SCHOOL CLASS AND TEACHER PRISONERS FOR HOUR

Held by Illinois Farmer With Shotgun, Who Charged Theft of Corn; No Arrests Made.

A Sunday School class of boys and girls between 8 and 12 years old, and its teacher, were held prisoner for an hour last night by a farmer with a shotgun on the Centerville road, east of East St. Louis, the farmer charging that they had stolen corn. The class was on a hayrack ride and "wiener roast" and had gathered about the hayrack with which to build a fire. The farmer saw the smoke and declared that he would hold the class and teacher until his hired hand could summon the deputy.

Upon his arrival, Deputy Sheriff Michael O'Brien refused to arrest the children, as the farmer desired, on a charge of trespassing and stealing corn.

RED CROSS BOOTHS OPENED DOWNTOWN

Move Is to Intensify Drive—Kansas City Leads St. Louis, Which Has 32,911 Memberships.

Booths in hotel lobbies, office buildings and stores, with women of the Red Cross in charge, were opened this morning to intensify interest in the Red Cross third roll call. A booth will be opened at the Art Museum tomorrow and another at the Coliseum during the "pop" concert.

Kansas City continues to lead the St. Louis chapter in new memberships, and information from the 15 chapters throughout the State indicate that the campaign is progressing satisfactorily in the rural districts. Reports to yesterday at noon place the total of new memberships in the St. Louis chapter at 32,911.

Letters have been sent to the clergy inviting them to appeal to their congregation tomorrow for support of the roll call, and with each letter were four Red Cross badges, to be used by women designated by the pastor to solicit before and after church services.

Red Cross literature and 21,000 roll call buttons have been distributed in East St. Louis and it is hoped the majority of these will be taken up in memberships.

Army Appreciative.

The army's realization of the value of the Red Cross is shown in a letter from Col. M. M. McFarland, commander of Jefferson Barracks. He wrote:

"I know that I can express the great gratitude of the War Department to the American Red Cross in St. Louis for the services rendered to the men of the army while in or passing through St. Louis."

"These services have been shown in many ways. In the canteens where free refreshments have been served, in the help and care of dependent relatives, in financial aid rendered to soldiers to reach sick and dying relatives, in aiding soldiers to obtain delayed allotments, in many acts of a similar nature."

"In many acts of a similar nature one instance deserves special mention. During the influenza epidemic last winter, the hospital at this station needed quickly 300 blankets. These were furnished by the Red Cross in less than five hours. May I add my sincere hope that the present drive will prove a great success and enable the Red Cross to continue its magnificent work."

TAXICAB MEN WILL PREPARE SUBSTITUTE CITY ORDINANCE

Object to One Recently Introduced Providing for Special Licenses and Rate Regulation.

Taxicab and service car owners are preparing an ordinance to substitute for the one recently introduced in the Board of Aldermen providing for the special licensing and regulation of rates of taxicabs and service cars for the protection of the public.

Alderman Wyrick, chairman of the committee to which the ordinance was referred by the Board of Aldermen, heard protests from the owners Wednesday, and advised them to offer a substitute embodying their views for consideration by the committee.

The ordinance now before the board provides, among other things, a \$25 license fee for taxicabs and service cars, a uniform rate of 30 cents in the territory bounded by the river, Jefferson avenue, Clark avenue and Franklin avenue, and a maximum rate of \$2 an hour for 20-horsepower cars, \$3 an hour for 25-horsepower cars and \$4 an hour for cars of more than 30 horsepower.

Speaking for the owners, Wade Childress, president of the Columbia Taxicab Co., said the owners would welcome a protective bond for each car to be filed with the City Comptroller, and other regulations, but said the additional license fee would result in increased rates. He said the hourly charge should be based on the carrying capacity of the cars instead of on their horsepower. The owners will submit their views of a proper ordinance at the next meeting of the Aldermanic committee.

Police Board Too Liberal.

Exceeded Authority in Awards to Men Who Caught Chiefs' Assassins.

It was discovered today that the Board of Police Commissioners yesterday exceeded its authority under its rules when it rewarded two patrolmen for arresting within two hours three men who have been identified as the assassins of Police Chief O'Brien, who was shot Oct. 31, by giving them the maximum number of merit marks, 75, to count toward promotion.

The maximum of marks is divided by department rules, 25 for bravery, 25 for efficiency and 25 for perception. Under an interpretation of the conditions under which merit marks may be bestowed it was found that the maximum that the two patrolmen, Harry Elliot and Cornelius Lane, were entitled to, was 134. The resolution of the board praised the men for their work.

GOVERNMENT AND BREWERS COMPLETE BRIEFS ON DRY LAWS

The Government and St. Louis brewers who are seeking an injunction against enforcement of the wartime prohibition act have completed their briefs to be forwarded today to Judge Pollock at Leavenworth, Kan.

Arguments were heard here by Judge Pollock earlier in the week and at that time he indicated that the constitutionality of the enforcement act would be the most important point to be considered. In keeping with this expression of the court both sides have confined themselves to a discussion of constitutional points.

The Government in its brief holds that the enforcement act was justified as a war emergency. The brewers contend it was invasion of state rights.

19 EXECUTIONS IN MOSCOW

By the Associated Press.

OMSK, Friday, Nov. 7.—According to Bolshevik newspapers received here, 19 representatives of co-operative organizations have been executed in Moscow and more than 100 others imprisoned.

The newspapers assert that members of the co-operative organizations also are being persecuted in other cities of Bolshevik Russia. Many of them have been shot.

Under the provisions of a recent Bolshevik decree all the co-operative organizations are nationalized, and it is announced that all members of the organizations who during the next month do not enter the Bolshevik party will be dismissed from their positions.

DEMobilization BUREAU ISSUES NEW APPEAL TO EMPLOYERS

Complaints of men recently returned from the war that some employment agencies had charged them exorbitant fees for jobs has caused M. J. Walsh, director of the Demobilization Bureau for Soldiers, Sailors and Marines, to make a special appeal to employers to list all their applications for men with the bureau, which serves employer and employee without charge.

The steadily growing list of applicants for work, Walsh said, makes it imperative that employers support the bureau.

ACQUITTED OF THEFT OF AUTO

James F. Traynor Bought Car, Jury in Larceny Case Decides.

James F. Traynor of 4614 Lexington avenue was acquitted of a charge of grand larceny in a sealed verdict returned by a jury in Circuit Judge Taylor's court today. He was held in the theft of an automobile belonging to Frank Bosco of 3546 Laclede avenue.

Witnesses at the trial testified that Traynor did not come into possession of the stolen car until seven months after it had been stolen. They substantiated his statement that he had purchased the car, unaware of its character, from a man named "Robert Knepper." The police have been unable to find Knepper.

ROOSEVELT MEMORIAL FUND CAMPAIGN CLOSES TODAY

City's Contributions Considerably Less Than Have Assigned Quota of \$80,000.

This is the closing day of the period set for St. Louisans to make contributions to the Roosevelt Memorial Fund. The city's quota is \$80,000. The contributions so far accounted are considerably less than half that sum. About 1000 of 5000 lists sent to business firms are not yet returned, and a report of the Boy Scout canvass is due today.

Mayor Kiel today expressed disappointment that St. Louis had failed to go "over the top" in this, as she has in other campaigns. However, he declared that the delay in the statement of the National Committee of the use to be made of the fund was partly responsible. Another factor has been that there has been little solicitation. The committee preferring to have the contributions voluntary. Three-fourths of

the fund is to be used for Americanization work.

The Silks Are Here Ready for The Great Sale Monday \$200,000 Worth of Gorgeous Silks

Like a garden of wondrous hues mingling with the royal splendor of the golds and silvers—the new metallic effects and the rainbow shades in a perfect riot of color. NEVER BEFORE SUCH SILKS—NEVER BEFORE SUCH A SALE

Up in the broad daylight of the marking rooms, pile after pile of the sparkling beauties are ready for sale—soft as a kitten's ear—as clingy as the ivy vine.

A peep through the big door—what do we see?

Let us name a few of the wondrous silks that will go in this sale:

Satin Charmant, 40 inches wide.
Moon-glo satin, 40 inches wide.
Satin crepe meteors, 40 inches wide.
Fan Ti Si silks in new Fall colors, 36 inches wide.

Moon-glo crepe, 40 inches wide.
Satin Francois, 35 inches wide.
Satin princess, 40 inches wide.
Society wash satins in ivory, 35 inches wide.
Crepe meteors, 40 inches wide.

New plaid Moon-glo crepe, 40 inches wide.
Satin stripe moon-glo crepe, 40 inches wide.
Satin duvetyon, 36 inches wide.
Chinchilla satin, 40 inches wide.

Tricolette silks, 36 inches wide.
Reception satin, 35 inches wide.
Chiffon taffeta, 36 and 40 inches wide.
Metal brocade silk, 34 and 36 inches wide.

Brocade satins, 40 inches wide.
Brocade crepe cinderella, 40 inches wide.
Pussy willow silks, 40 inches wide.

Satin charmeuse, 40 inches wide.
Barronette satins, 40 inches wide.
Chiffon velvets in new Fall colors and black, 40 inches wide.

All the wanted silks—the above list tells at a glance that the finest silks produced today will play a conspicuous part in this extraordinary event.

You will pardon our enthusiasm, but, like a sculptor or artist who has at last produced his masterpiece, we cannot help but go into ecstasies.

A Wonderful Exhibition

Our big Broadway windows—from doorway to doorway—are filled with these silks—like a trip to the wonderful Silk Museum in Lyons, France, where the silk treasures of the Old World are to be seen.

Remember the day—Monday, Nov. 10th

See Sunday's Papers for

Prices and Particulars of Sale

Wanted—200 Salespeople.

Anyone who would like to sell silks during this big event can secure very pleasant employment. Apply to superintendent's office at once.

Billikens Pin Their Faith on Powerful Line in Today's Battle With Marquette Team

Midget Attacking Force Will Represent Rademacher's Machine in Contest With Strong Milwaukee Eleven at Sportsman's Park—Locals in Best Shape of Season.

COACH CHARLIE RADEMACHER of St. Louis University will send against the strong Marquette machine at Sportsman's Park at 3 o'clock this afternoon an eleven of great defensive power, but one which never has fully displayed its punch or scoring ability.

If the Sportsman's Park gridiron is not too soggy at game time to enable a man to utilize his speed, Rademacher's Billikens will enter the game conceding to have a chance of holding even or even defeating by a small margin the highly touted Milwaukee outfit of Coach Jack Ryan.

Even those who expect Marquette to vanquish the Blue and White figure that the score will not be very one-sided. Whereas the Billikens have not run up any topheavy scores this year they have shown a slow fall line. Only once has an enemy planted the ball behind their goal posts. That was the result of a snared forward pass by a Cape Girardeau Normal and was the only score registered against the eleven.

Rolla, Valparaiso and Lombard surged in vain against the Blue and White line, falling back time after time like the well-known waves on the rock-bound coast. But in Marquette the Billikens realize that they are facing an enemy touted as far above the caliber of any of the other teams thus far encountered. Marquette has met teams of much higher class than those routed by Rademacher's men.

Wet Field a Handicap.
On a dry field Rademacher would not be greatly handicapped by the lack of pounds in his backfield. Each of the men he has assembled for attacking duty is fast, can throw and run fairly well through a broken field. But if the field is soggy and takes the speed out of the Blue and White backfield the task before the Billikens will be to mass their forces to stop enemy attacks, keep watchful eyes on the leather and hope that a fumble, a snared pass or some other break, will give them a chance to register.

Judging from past performances, a wet field, with the Billikens pitted against a team of Marquette's reputed strength, would be a handicap. But the team has shown a fighting spirit and a determination to meet obstacle after obstacle in their journey to top condition and the result is that Rademacher has a team of scrappers. And so with luck breaking their way today the Billikens might upset the Milwaukee machine.

With the exception of the Cape Girardeau Normal contest, the first game of the season for the Billikens, all their struggles have been on the gridiron. Therefore there has never been an opportunity to correctly gauge the scoring ability of the machine. Baker and Strubinger will be out because of injuries, but the rest of the Blue and White team is in better physical shape than at any other time this year.

Two Powerful Ends.
In Pinesburg and Gallagher the locals have two great ends in the backfield. This year Rademacher chose to use his speed and aggressiveness in the forward line and the choice brought results. Gallagher is a daring tackler, a clever man at receiving passes, fast and heavy enough to stand up against any and St. Louis will oppose this year.

Signalone and Godfrey are the tackles. Godfrey got off to a late start, due to outside work that kept him from being at practice regularly, but in each game he has stood out as a star. Signalone is a natural athlete. He loves to play football, never misses a practice session and can be counted on to break up many a Marquette play this afternoon.

Dolan and Donovan are the guards and seldom have opposing teams tried many successive plays through their territory. Kobbins will go into the game with his knees in splendid shape, but even should he be forced to retire, Rademacher will have an able substitute in Will Murphy.

Behind this powerful line Rademacher will have a backfield averaging not more than 146 pounds to the man. There is not a husky man in the Billikens attacking force. In the absence of Baker, who sprained an ankle in practice Wednesday afternoon, Hart will start at fullback. Connor and Donovan will complete the midget backfield. They will open hostilities against the visitors. Russ Murphy will be ready to relieve Egler at quarter and the change will not weaken the team. Murphy has played improved football as the season progressed and leads his team in scoring with three touchdowns.

Locals Slightly Outweighed.
Counting regulars and substitutes the Billikens will average about 245 pounds to the man, according to their coach, whereas coach Ryan of Marquette estimates his eleven will average 165 pounds.

The visitors will have more weight in the backfield, though their quarterback scores around 140 pounds. Clemons at fullback represents 175 pounds. Weights of Langhoff and Kenning, halfbacks, are given as 170 pounds. Ryan also has a couple of husky backfield men in reserve. Marquette arrived yesterday morning and worked out in the afternoon at Cardinal Field. Coach Ryan brought 20 gridiron warriors. Last night the visitors were serenaded at St. Louis U. students who paraded downtown after a mass meeting at the University. The Blue and White will hold another parade today, making a trip through the downtown streets, starting at 1 o'clock and standing up at game time at Sportsman's Park.

W. and J. Meets Pitt.

PITTSBURGH, Nov. 8.—The Washington and Jefferson University football team met the gridiron athletes of the University of Pittsburgh here today to decide the championship of Western Pennsylvania. Both teams were in excellent condition.

Over his own signature Johnny Dunbar wrote a graphic description of how he gave Willie Jackson a trimming in Milwaukee. Johnny is one of those birds that tell the truth no matter how it hurts the other guy.

Ban Johnson wants to abolish the spit and shine ball and Jake Ruppert wants to abolish Ban Johnson. Looks like the splitter will go.

Come a story out of Greater Little Old New York that the Yanks, White Sox and the home of Red will form the nucleus for a third major league with "hundreds of millions" of iron men back of it. Those Greater Little Old New York scrappers handle money with a recklessness that would make J. P. Morgan and John D. Rockefeller look like public charities.

We have no doubt that such a league would have hundreds of millions of dollars back of it. So far back they couldn't be reached.

Oh, Joy!
However, we should worry. With the White Sox, Red Sox and Yanks out of it the Browns might have a chance to win the pennant.

Babe Ruth created a big sensation by arriving in Los Angeles the other day. Even the native sons were elated.

Babe went all the way to Los Angeles to have his picture taken and try to grab a little of the spotlight from the Pickford-Chaplin-Fairbanks outfit.

LOADMAN WILL ARRIVE HERE MONDAY FOR HIS BATTLE WITH KABAKOFF
Roger Cornell, matchmaker for the Rialto A. C., announced yesterday that transportation had been wired for Loadman, the Eastern boxer, who opposes Harry Kabakoff at the Army next Thursday night, and that the Lockport slugger would depart from Buffalo tomorrow evening, arriving here Monday. Loadman and Kabby will weigh in at 126 pounds at 3 o'clock.

Kabakoff has been training faithfully for the coming contest and following his workout yesterday reported himself as being in "good over weight. Three other bouts are on the program and all the principals will be in good condition.

Walter Heisler will referee all the bouts and will be in evening dress. It will be the first time anything like it has been put on in St. Louis.

Tickets have already been put on sale and officials announce a good sale of reserved seats. Cornell stated that there will be a special section for ladies with girl usherettes. Fifty men under a commanding officer will take care of the crowd.

YALE CAPTAIN BACK IN LINE FOR BROWN GAME
NEW HAVEN, Conn., Nov. 8.—Yale swung into the last lap of its football season today with Brown as an opponent. Capt. Callahan, the Blue leader, who has not played for a month on account of injuries, was in the lineup at his old position. After the veteran Eli end, was out with injuries and his place was taken by Robinson, a third-string player. The Brunonia presented their strongest lineup.

The probable lineup:
Tale. Position. Brown.
Newhall. Left end. Williams.
Dickens. Left tackle. Guillan.
Arnott. Left guard. Brice.
Callahan. Center. O'Connell.
Galt. Right guard. Nichols (ex Walker).
Rehner. Right tackle. Johnson.
Kempson. Quarterback. Abbott.
J. M. Neville. Left halfback. Jones.
Bridges. Right halfback. Bennett.
Bridges. Fullback. Armstrong.

Probable Lineup and Facts on Game Today

Place—Sportsman's Park. Grand avenue and Delmar street.
Team—St. Louis University and Marquette University.
Average weights—St. Louis 163. Marquette 165.
ST. LOUIS LINEUP MARQUETTE
Lineup—Left end. Callahan. Right end. Callahan.
Left tackle. McGraw. Right tackle. McGraw.
Left guard. McGraw. Right guard. McGraw.
Center. McGraw. Quarterback. McGraw.
Left halfback. McGraw. Right halfback. McGraw.
Fullback. McGraw. Linebacker. McGraw.
Defensive Line—Left end. Callahan. Right end. Callahan.
Left tackle. McGraw. Right tackle. McGraw.
Left guard. McGraw. Right guard. McGraw.
Center. McGraw. Quarterback. McGraw.
Left halfback. McGraw. Right halfback. McGraw.
Fullback. McGraw. Linebacker. McGraw.

Officials—Goal (West Point), referee. Linesmen (Michigan), head linesman. Umpires (Michigan), field judge. Time of quarters, 15 minutes.

Scholastic Title at Stake Today in Gridiron Struggle

McKinley and Solderan Each Will Start Game With Several Stars Missing.

Solderan and McKinley High Schools will meet on the gridiron at Grand and Laclede avenues this afternoon in what is considered the classic of the 1919 league championship season. Each eleven has a clean slate so far, and a victory virtually will clinch the title for the successful machine.

Both teams will enter the fray minus the services of several stars, as the result of injuries. Capt. Horton and Kallenbach, both important cogs in the Crimson eleven of Coach Crosby, probably will be unable to line up. Kallenbach wrenched his knee early in the season and while it has shown great improvement it has a habit of going out of place again whenever it receives a hard jolt.

Calhoun, Sam Soud and Hirsch will be missing from Coach Cook's West End lineup, unless they show unexpected improvement in injuries from which they have suffered.

Both elevens have practiced regularly the past week. The record crowd of the high school season is expected to turn out at the old Federal League Park for the contest. In the season game at the old Federal League Park for the contest. In the season game at the old Federal League Park for the contest.

CLEVELAND, Pa., Nov. 8.—The Cleveland Browns and the Cleveland Indians will meet today at the old Federal League Park for the contest. In the season game at the old Federal League Park for the contest.

UNDEFEATED DETROIT TACKLES TUFTS TODAY

DETROIT, Mich., Nov. 8.—Another eastern team—Tufts College—invaded Detroit today to play the unbeaten University of Detroit football team. Several of the Tufts eleven who have been out of the last two games with injuries were to get back on the field this afternoon.

Jimmy Wilde in America.

HALIFAX, N. S., Nov. 8.—Jimmy Wilde, British flyweight champion, who is on his way to the United States to meet Foreman, American flyweight and featherweight boxers, was a passenger on the steamer Baltic, which arrived last night.

PRINCETON SCORES FIRST QUARTER

Eateral Pass, Strubinger to Trimble, Results in 7-0 Score Against Harvard.

PALMER STADIUM, Princeton, N. Y., Nov. 8.—After a two years' layoff Princeton and Harvard resumed intercollegiate football hostilities here this afternoon, when the elevens representing these two universities battled in the first clash of "Big Three" teams this season.

Harvard entered the game 5 to 2 favorite. Keck, Princeton's wonderful lineman, was out of the opening lineup.

The teams lineup as follows:
The lineup and officials:
Harvard. Position. Princeton.
Deamond. Left end. Davis.
Sedwick. Left tackle. Bigger.
Woods. Left guard. Dickson.
Havemeyer. Center. Callahan.
Clark. Right guard. McGraw.
Kane. Right tackle. Williams.
Murray. Quarterback. Strubinger.
Burnham. Left halfback. Trimble.
Casey. Right halfback. Schaefer.
Humphrey. Fullback. Garritty.
Referee. Langford (Trinity); umpire, Williams (Pennsylvania); line men, Thera (Columbia); field judge, O'Brien (Trinity).
Capt. McGraw of Princeton won the toss.

Princeton elected to defend the goal, giving Harvard the kickoff.

First Quarter.
At 2 o'clock Harvard kicked off to Princeton's 25-yard line. Strubinger fumbled but recovered. Trimble made three yards outside of Kane and then Princeton kicked to Harvard's 40-yard line. Casey skinned Williams' end for 7 yards and Humphrey crashed through right tackle for a first down as midfield. On the second play, a forward pass by Harvard's 40-yard line. Casey skinned Williams' end for 7 yards and Humphrey crashed through right tackle for a first down as midfield. On the second play, a forward pass by Harvard's 40-yard line. Casey skinned Williams' end for 7 yards and Humphrey crashed through right tackle for a first down as midfield.

Second Quarter.
Harvard kicked off to Princeton's 25-yard line. Strubinger fumbled but recovered. Trimble made three yards outside of Kane and then Princeton kicked to Harvard's 40-yard line. Casey skinned Williams' end for 7 yards and Humphrey crashed through right tackle for a first down as midfield. On the second play, a forward pass by Harvard's 40-yard line. Casey skinned Williams' end for 7 yards and Humphrey crashed through right tackle for a first down as midfield.

Third Quarter.
Harvard kicked off to Princeton's 25-yard line. Strubinger fumbled but recovered. Trimble made three yards outside of Kane and then Princeton kicked to Harvard's 40-yard line. Casey skinned Williams' end for 7 yards and Humphrey crashed through right tackle for a first down as midfield. On the second play, a forward pass by Harvard's 40-yard line. Casey skinned Williams' end for 7 yards and Humphrey crashed through right tackle for a first down as midfield.

Fourth Quarter.
Harvard kicked off to Princeton's 25-yard line. Strubinger fumbled but recovered. Trimble made three yards outside of Kane and then Princeton kicked to Harvard's 40-yard line. Casey skinned Williams' end for 7 yards and Humphrey crashed through right tackle for a first down as midfield. On the second play, a forward pass by Harvard's 40-yard line. Casey skinned Williams' end for 7 yards and Humphrey crashed through right tackle for a first down as midfield.

Final Score.
Princeton 7, Harvard 0.

Princeton's Lineup.
Lineup—Left end. Callahan. Right end. Callahan.
Left tackle. McGraw. Right tackle. McGraw.
Left guard. McGraw. Right guard. McGraw.
Center. McGraw. Quarterback. McGraw.
Left halfback. McGraw. Right halfback. McGraw.
Fullback. McGraw. Linebacker. McGraw.

Harvard's Lineup.
Lineup—Left end. Callahan. Right end. Callahan.
Left tackle. McGraw. Right tackle. McGraw.
Left guard. McGraw. Right guard. McGraw.
Center. McGraw. Quarterback. McGraw.
Left halfback. McGraw. Right halfback. McGraw.
Fullback. McGraw. Linebacker. McGraw.

Officials.
Goal (West Point), referee. Linesmen (Michigan), head linesman. Umpires (Michigan), field judge. Time of quarters, 15 minutes.

Game Facts.
Princeton scored 7 points in the first quarter. Harvard scored 0 points.

Player Statistics.
Princeton: Trimble 1 TD, 1 FG, 1 PAT. Strubinger 1 TD, 1 FG, 1 PAT. Casey 1 TD, 1 FG, 1 PAT. Humphrey 1 TD, 1 FG, 1 PAT. Garritty 1 TD, 1 FG, 1 PAT.

Game Summary.
Princeton dominated the game from the start, scoring 7 points in the first quarter and maintaining their lead throughout the game. Harvard was unable to score and was outplayed in most phases of the game.

Final Thoughts.
Princeton's victory was a well-deserved one, given their superior play and Harvard's lack of scoring ability. The game was a tactical battle, with Princeton's offense proving more effective than Harvard's defense.

Future Outlook.
Princeton's win boosts their confidence and solidifies their position as a top team in the conference. Harvard will need to make significant improvements to compete in future games.

Game Recap.
A comprehensive recap of the game, highlighting key plays, turnovers, and the overall flow of the contest. Princeton's defense held strong, while their offense capitalized on Harvard's mistakes.

Player of the Game.
Trimble was named the player of the game for his outstanding performance at quarterback, leading Princeton to victory with his passing and rushing.

Game Notes.
Several key moments from the game, including the opening kickoff, the first touchdown, and the final drive. The game was a tactical battle, with Princeton's offense proving more effective than Harvard's defense.

Game Highlights.

Pikeway Machine Favored to Beat Drake Team Today

Both Elevens Will Present Strongest Possible Front for Valley Conference Game.

From a Staff Correspondent.
DES MOINES, Ia., Nov. 8.—Washington University's strongest football eleven will take the field against the Drake University team this afternoon in an attempt to ascend its third rung toward the Missouri Valley Conference championship.

Due to the heavy rains of the past two days the game will be played on a soggy field. The gridiron is especially heavy in midfield. A high school game was played on Drake field yesterday and the scholastic backs were utterly unable to kick ends or cut in on the line between the two 49-yard lines. Several loads of sawdust were put on the field last night and it is hoped this condition will be somewhat remedied.

Drake will also send its strongest team into the field although two of the backs are suffering with injured knees. Coach Banks had intended to use substitutes for Halfback Shawver and Fullback Davis, but this morning decided to give the cripples a chance.

Shawver, a 145-pound star of last year's freshman team, is the star of the Drake backfield force. Last week he was the only consistent ground gainer against Grinnell.

Other members of the Bulldog eleven who will bear watching are Lutz, a 212-pound guard; Captain Sprong, the 200-pound center, and Howard, 180-pound end. Howard is a negro. Howard Drives another negro, but the Des Moines team's eligible list and may be used. Coach Banks' practice this season has been to test the opponents ends and should they prove weak Drake is put into the contest for end kicks. Because of his great speed he is difficult to stop under such conditions.

Drake Team Outweighed.
Washington will outweigh the Iowans about 10 pounds to the man as the local coach estimates his team's weight at 168 average. The Drake line is very heavy, averaging 169 pounds, but the backs are unusually light about 141 pounds. Coach Rutherford estimates this morning that he has certain of every position except right guard, where he is undecided whether to play Kurrus or Zink. It is likely that Kurrus will play at right guard, while Zink will play at left guard. The guards and center Marquard will be put to a crucial test as most of Drake's attack has been focused at the center.

Setting Is Light.
The betting is light, although a lot of Washington money has been sent up here. The local bet is even money that Washington wins by more than seven points. The St. Louisans are willing to give 5-4 on the game, but find no takers.

Valparaiso 54, Hanover 0.
VALPARAISO, Ind., Nov. 8.—Valparaiso University today defeated Hanover College, 54-0, in a game which was a rout. The Blue and White team played a good game, making gains on both sides of the ball and twice had the ball on Valpo's five-yard line only to lose it through inability to break through the brown and gold defense.

Lehigh Opposes Penn State.
STATE COLLEGE, Pa., Nov. 8.—Lehigh and Penn State met today in their annual football game. Judging from their records the game was about evenly matched and a bitter struggle was expected. They have been defeated only once during the season.

Practice of Using Spies is Condemned by Football Coach.
The practice of spies from one college watching the daily football workouts of a rival has been severely condemned from Coach Fred Dawson of Columbia. He not only called such a custom the poorest kind of sportsmanship, but also declared that it was hurting the interests of the intercollegiate game by placing too much emphasis on winning and too little on clean methods.

"When the desire to win becomes so strong," he said, "that spies are sent out to steal signals and learn rival's new plays it is time to stop and clean house. There has never been greater interest shown by the public in football than at present, but if it gets the impression that some of the colleges are stooping to tactics that even professional football teams avoid, the gridiron sport is certain to suffer."

To prove that he practices what he preaches Dawson said that Columbia and New York University, traditional rivals in football, had made a gentlemen's agreement not to send spies to each other's practices between the beginning of the season and the annual game on Nov. 22. Both coaches have promised to refuse to accept any information procured by such methods, although there will be no ban on inside knowledge gained in legitimate ways.

Dartmouth Favorite in Contest With Penn.
NEW YORK, Nov. 8.—Dartmouth was a slight favorite in the annual football game with University of Pennsylvania at the Polo Grounds today. Both elevens presented their strongest lineups.

The Green had not been defeated this season and scored a victory over Penn State, 16 to 12, which eleven humbled Pennsylvania last week, 10 to 6. Dartmouth narrowly escaped defeat at the hands of the powerful Colgate team last week, tying the score through the medium of a blocked kick in the last minute of play.

Boxing Results.
BIRMINGHAM, Ala., Nov. 8.—Johnny Cismore of Los Angeles and Russell Chambers of Douglas fought 10 rounds to a draw here last night.

Cedar Rapids, Ia., Nov. 8.
Stockyards Tommy Murphy of Chicago gave Eddie Anderson, Iowa midweight champion, a tremendous beating in all but the three rounds of their 10-round fight here last night.

Facts and the "Dope."
IT'S all wrong—in fact, it's impossible, this "dope" in football. It's aggregate, considering a large number of elevens, it may work out as between specified teams, intensively coached for an annual game, result of a football contest is about as settled as the map of the world 2000 years from now.

By way of example, note the accompanying tables showing the records of eight big elevens that meet today. Pennsylvania opposes Dartmouth. On the "form" as set forth it is rather plainly indicated that Dartmouth will be the winner over the fast Folwell machine by at least two touchdowns.

On the other hand, figuring through Colgate, Princeton, Lafayette and Dartmouth scores, Penn can be made to appear three touchdowns better than Dartmouth! The figures are there, let's take your pick.

Call the Keeper, Quick!
THEN we come to the Washington and Jefferson-Pittsburg game. The nearest line of scores indicates that W. and J. will trounce Pittsburg by five touchdowns, but we feel that it will do no such thing—or, that if it does, the carousal vaults will come rattling about our heads from the shock. Backing around through a different alley we find a series of interesting scores as follows:

Pitt beat West Virginia, 26-0. West Virginia trimmed Princeton, 25-0.

This shows Pittsburg in 51 points better than the Tigers. Then again we have W. Va. trimming Westminster, 55-0, while W. and J. defeated Iowa defeated Minnesota, but lost to the Mountaineers 35 points better than Wash-Jeff. and Pittsburg beat Wash-Jeff, 44 points in the clear, over W. and J. Can you beat that—or even tie it?

It's Worse Out Here?
MOVING out West we find a number of mind-boggling football problems presented. For example, why is Minnesota, or wherever is Illinois, in their scramble, today? Iowa defeated Minnesota, but lost to Illinois; yet Minnesota trounced Wisconsin, while the Badgers trimmed the Illini. Can't you get it?

Then look at that Chicago-Michigan score. Chicago flattened the Evanston lads 41-0, while Michigan won 34-0, while W. and J. defeated Iowa defeated Minnesota, but lost to the Mountaineers 35 points better than Wash-Jeff. and Pittsburg beat Wash-Jeff, 44 points in the clear, over W. and J. Can you beat that—or even tie it?

Tigers Are Western Champions!
BUT it remains for the Valley Conference to produce the real form crusher of the year. The truth of the matter is that the real possibility of a "dope" in creating champions has not yet been realized fully. For example, if we could show the figures that Missouri University was 77 points stronger than Michigan and 47 points better than the Big Ten leader, Ohio State, you might be inclined to question. Well, here goes:

Missouri 19 Ames 0
Ames 0 Nebraska 0
Nebraska 0 Minnesota 0
Minnesota 0 Wisconsin 0
Wisconsin 0 Illinois 0
Illinois 0 Chicago 0
Chicago 41 N'th W's'n 0

By subtracting these totals we find that Missouri, on scores, figures to be 50 points better than Northwestern. Again:

this "dope" in football. In the
of elevens, it may work out; but
coached for an annual game, the
settled as the map of the world.

Who Mentioned "Dope"?

Bob Cannefax and Maupome Win in 3-Cushion Tilt

CLEVELAND, O., Nov. 8.—R. L. Annafax of St. Louis played back into form in his match last night with Charles Otis of Brooklyn, defeating him 150-to-149 man in his second contest of the National American Billiard Championship tournament. A score of 50 to 38 in 52 innings. The former champion out-gamed, out-played and out-safetied his opponent and had the game under control at all times. He netted a run of 100 and made a 6 also while Otis could not go beyond a 4.

Otto Reisel defeated Clarence Jackson, Pierre Maupeune nosed out Tiff Denton of Kansas City, and Hugh Heal won from Jess Lean in the other contests played yesterday. The first round of the 16-man bracket from start to finish, although it took 58 innings to complete. Denton, rated as a probable easy mark for the title, was the first to play in a championship tournament, was equal to Maupeune in gameness and was his equal in brilliance. The two players were tied 1-1 in the 15th inning. Earlier in the game Denton had led by 31 points and in the 14th inning he had won the great Mexican three-cushion activity. They climbed to the 46 mark still tied. Denton nailed one, Maupeune took the other. The game was the one of the greatest shots of the "silver ball" tournament. Denton scored the high run of the tournament, making a nine. In the game played today, Otto Reisel will meet Tiff Denton and Jess Lean will play, McCourt will play and Jackson will play. The final cues with Lead.

**Staff Correspondent
at Drake-Piker Game**

A STAFF correspondent of the Post-Dispatch accompanied Washington's Redskins football team to Des Moines, Io., and will report this afternoon's contest between the Packers and the Drake Bulldogs. Missouri Valley conference followers will watch the result of the game today with great interest, as it is an important one in the struggle for the title. Washington must win to stay in the title race.

In addition to an account from the field as the game is played there will be a comprehensive story in tomorrow's Sunday Post-Dispatch telling how the game is won or lost.

Deer hunters just back from the Adirondacks amazed Fifth avenue, New York, by bringing in their kills strapped to the running board of their machine. — Copyright Underwood & Underwood

MORE TRUTH THAN POETRY
By James J. Montague.

SOMEWHERE AND SOMETIME.

Somewhere or other a masterly grafter
Is filling his pockets with illegal gains,
Remarking with raucous and cynical laughter
That the man who wins out is the guy with the brains.
Sometime or other we'll know all about it;
Keen, fearless committees will lay the truth bare;
And all over the city the newboys will shout it,
But the chap that went south with the loot won't be there.

Somewhere or other an oily contractor
In selling bunk goods to the old U. S. A.,
Some conscienceless don't-care-a-rap malefactor,
Who knows how to make his rascality pay.
Sometime or other we'll know how he did it,
The sleuths will disclose the amount of his crime,
And show that he grafted—but not till he's hid it
And taking a ship for some happier clime.

Somewhere or other some scoundrel is planning
To put over something upon you and me,
But though the horizon we're warily scanning,
No sign of the harm that impends can we see.
Sometime or other, we'll know to our sorrow
Exactly the thing that the crook has in mind,
The cops will inform us, day after tomorrow,
But never a trace of the gent will they find.

Somewhere or other throughout this great nation
Are criminals busy with plot after plot,
We all would be troubled with vast perturbation
If we were aware of the same—but we're not.
Sometime or other of course we shall know it,
We'll get all the truth and we'll get it all straight,
The utopian light of the probers will show it,
But that, my dear friends, will be somewhat too late!

HEAVY RESPONSIBILITIES.
Milk drivers in New York want \$50 a week, a part of which they will apply to paying for the bonds they are put under every time they take out a load.

FOUND!

That \$75,000 calf that was exhibited in Indiana is probably the golden calf our way-back ancestors used to worship.

Useless Words.

"I see it is now proposed to have the word 'obey' stricken from the marriage ceremony."
"Yes, in the interest of economy. I've always held that in so far as that word was concerned the minister might just as well have saved his breath."—Detroit Free Press.

Benefits Even.

"How is it, Sandy," asked a visitor of a Scotch coal merchant, "that you quote the lowest prices in town and make reductions to your friends and yet you can make money?"
"Well, it's this way," explained Sandy in an undertone. "Ye see, I knock off two shillings a ton because a customer is a freen o' mine, and then I knock off two hundredweight a ton because I'm a freen o' his."—Boston Transcript.

Unnecessary.

Mr. Batz: "You ought to brace up and show your wife who is running things at your house."
Mr. Meek (sadly): "It isn't necessary. She knows."—Life.

That Paris Trinity.

Premier Massey, back in Maori-land, relates that Clemenceau, in reply to a protest about the slow progress made at the peace conference, said: "How can we get along fast when I have a man on my left who imagines himself a latter-day Napoleon, and on my right a gentleman who holds the opinion that he is the world's redeemer on a second visit to earth?"—Sydney Bulletin.

He Forgot Something.

"You seemed embarrassed when that pretty girl met you at the station."
"I had a reason for feeling embarrassed," answered the doughboy. "What was it?"
"I promised to bring her the Kaiser's ears."—Buffalo Commercial.

Foiled.

"Is your wife's mother enjoying her trip to the mountains?" "I'm afraid not. She's found something at last that she can't walk over."—Boston Transcript.

LIFE'S LITTLE JOKES—By GOLDBERG

THIS AUTOMOBILE IS A WONDERFUL THING. IT SHOWS US WHAT CIVILIZATION CAN BRING.

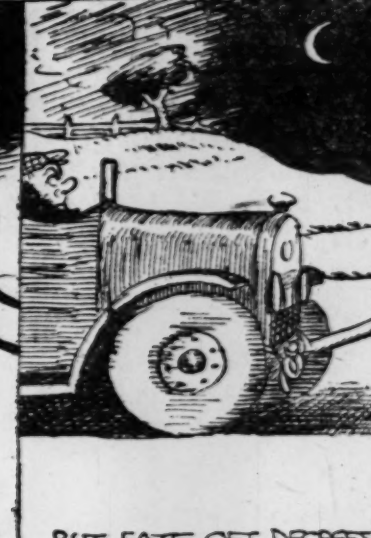

THE OWNER WITH PRIDE IS ABOUT TO EXPLODE, AS HE SAYS, "I CAN PASS ANYTHING ON THE ROAD."

NOW, MY FRIEND, TAKE A LOOK AT THIS BROKEN-DOWN HORSE. HE'S A RELIC OF DAYS THAT WERE BETTER, OF COURSE.

SAID THE OWNER IN SORROW, "THE AUTOS CAN BEAT 'IM, IF I KILL HIM, BY GOLLY, I CAN'T EVEN EAT 'IM!"

BUT FATE OFT DECREES THAT THE MIGHTY SHALL FALL—THE AUTO BROKE DOWN FOR NO REASON AT ALL.

WHILE THE HORSE AND HIS OWNER NOW SMILE AS THEY ROAM, FOR THEY CHARGED FIFTY DOLLARS FOR TOWING IT HOME!

HOME, SWEET HOME!—By TUTHILL

"SAY, JO! I BUMPED INTO GUS BAILEY AN' HIS WIFE TODAY AN' YOU'LL BE SURPRISED WHEN I TELL YOU ABOUT HIS NEW JOB."

"NO! I DIDN' ASK HIM WHETHER THEY WERE KEEPING HOUSE—BUT GUS WAS TELLING ME THAT HIS NEW JOB WILL—"

"WHY I DIDN' NOTICE IF SHE WAS ANY STOUTER OR NOT—BUT I SUPPOSE I SHOULD OF SAID—"

"NO! I CAN'T DESCRIBE HOW SHE WAS DRESSED—YES! I WAS JUST AS WIDE AWAKE AS I AM NOW—BUT WHEN GUS TOLD ME ABOUT HIS NEW PROPOSITION—"

"WELL SHE HAD A YELLOW HAT WITH A PINK FEATHER—I DON'T CARE WHETHER IT'S IMPOSSIBLE OR NOT—THAT'S WHAT IT WAS—A PINK HAT WITH A YELLOW FEATHER."

"ALLRIGHT! ALLRIGHT!! NOW THAT I THINK OF IT GUS WAS ALONE—AN' HE TOLD ME HIS WIFE HAD GONE TO THE PHILIPPINE ISLANDS—DOES THAT SATISFY YOU?"

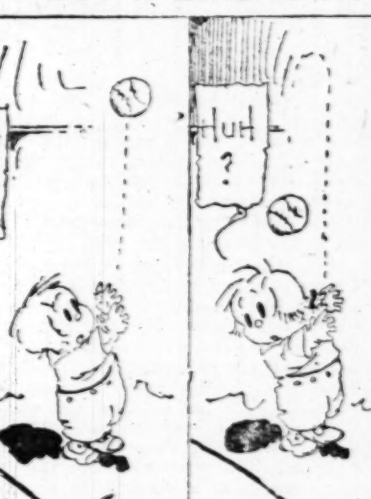

"SAY, POP!"—BUT A LINE IS NO BAR TO TALK—By C. M. PAYNE

NOW SEE IF WE CAN HAVE SOME PEACE. DON'T CROSS THIS LINE—EITHER OF YOU

LOOK HERE!

CEASE!

BLA!

SAY!

HE TALKED ACROSS THE LINE.

The Poor Married Hick.

Wife—You are very rude. You yawned four times while I was trying to talk to you.
Hubby—You're wrong, my dear; I was only opening my mouth to try and get a word in edgewise. —Florida Times-Union.

Questions Asked.

A small boy who was playing at the end of the pier fell into the sea and was only rescued after great difficulty by an intrepid swimmer, who dived off the end of the pier and succeeded in getting the boy into a rowboat.
Half an hour afterward, much exhausted by his efforts, the rescuer was walking off the pier when a man came up and tapped him on the shoulder.
"Are you the man who saved my son's life?" he said.
"Yes," answered the rescuer, exhausted.
"Then," said the man in indignant tones, "were's his cap?" —Tit Bits.

A Bad Scrape.

"My wife got me into a bad scrape this morning," said Mr. Gabb.
"How was that?" asked Mr. Naybor.
"She used my razor to sharpen a pencil," replied Mr. Gabb. —Cincinnati Enquirer.

Jones: Have you references from your former employer?
Typist: Well, no; the rescuer was married to him. —Boston Globe.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.
Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.
Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.
Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.—ADY.

A Dog's Life.

Rivers had come home and was stumbling over things in the dark hallway.
"What are you growing about, dear?" called Mrs. Rivers from the floor above.
"I am growing," he answered in his deepest bass voice, "to drown the barking of my shins." —Seattle Times.

The Essentials.

"And so you learned French thoroughly while over there, son?" said the proud father of the returned soldier.
"Sure! I got so I could say hello and good-night and order ham and eggs, and I could ask a fellow to lend me money and tell a girl I loved her better'n anything, and that's all a fellow needs in any language." —Richmond Times-Dispatch.

WHY COUGH AND COUGH AND COUGH?

Relieve it with Dr. Bell's Pine-Tar-Honey

ARE you going to let it stick and become a chronic condition? Of course not! Not when you know you have a preparation like Dr. Bell's Pine-Tar-Honey to loosen it up and so allow Nature to rid you of it. The first dose will produce gratifying results. The second and third will convince you that Dr. Bell's Pine-Tar-Honey is an enemy to a cold.
The preparation is second to none for its soothing, relieving effects. Coughs, la grippe, bronchitis, asthma quickly relieved by Dr. Bell's Pine-Tar-Honey. 30c, 60c, \$1.20. All Druggists.

A Fine Laxative For Children.
Promotes, smoothly, comfortably, Po-Dolax functions the bowels and eases the torpid liver. Not a purgative like calomel, but a gentle, safe, easy-to-use laxative for the whole family that effectively removes waste.

All Accounted For.

One morning a woman walked into a village grocery with a majestic stride. It was easy to see by the sternness of her expression that she was somewhat disturbed.
"This," she sarcastically explained, throwing a package on the counter, "is the washing itself. It's the soap that makes washing a pleasure. It's the soap."

"That isn't soap, madame," interrupted the grocery man, examining the package. "Your little girl was in here yesterday for a half pound of cheese and a half pound of soap. This is the cheese."
"Um, that accounts for it," said the woman, as the light of understanding began to glow. "I wondered all night what made the Welsh rarebit we had for supper taste so queer." —San Francisco Argonaut.

Help for the Armenians.

"Britain," says a report, "has asked the United States to send an army of two hundred thousand men to Armenia to protect the Christian inhabitants." While unable to comply with the request President Wilson, we learn, has intimated that any Armenians who succeed in escaping will receive a sympathetic hearing from the Senate Foreign Relations Committee. —London Punch.

Why They Do It.

"Water," says a medical writer in the Evening News, "according to some authorities, is a deadly poison." This may explain why some dairymen still stick to the old custom of mixing a little corrective milk with it. —London Punch.

How He Got 'Em.

"How did you get so many wounds?" I asked the corporal in the bathroom, seeing his body covered with scars. "Accidental discharge of duties!"
"Now, you see it was this way: I was standing on the edge of our trench leavin' up against our bar-rage, when they lifted the barrage and I fell into the trench." —Everybody's.

A Gentle Hint.

The Robber's Grave, a well-known object of interest to visitors near Aberystwyth, is to be sold. It looks like a unique chance for one of our profiteers. —London Punch.

More Labor Trouble.

Boss: "Can't you find something to do?"
Office Boy: "Gee whizz! Am I expected to do the work and find it, too?" —Boston Transcript.

What Worried Him.

"Are you sure your voice will fill this large hall?" asked the friend.
"I only hope," sadly replied the amateur singer, "that it won't empty it." —Jackson Times-Union.

Information Wanted.

"Yes, they sometimes launder the soiled money at the Treasury."
"Can you tell me where they hang it out?" —Kansas City Journal.

Very Blank.

"Is that poetry what you call blank verse?"
"I think so," answered Miss Cavenne. "Anyway, it reads as if the mind of the man who wrote it was a blank." —Washington Star.

PURE AND DELICIOUS
BAKER'S COCOA
Is a most satisfactory beverage. Fine flavor and aroma and it is healthful.
Well made cocoa contains nothing that is harmful and much that is beneficial.
It is practically all nutrition.
